DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 10 and 11 are rejected under 35 U.S.C. 102(b) as being anticipated by Kubo (GB 2 326 050 A).

Regarding claim 10, Kubo discloses a card attachment and detachment device holding detachably a card in a space defined between a body and a bottom plate, comprising:

a holder 52 for being inserted into and removed from the space and having a card accommodation section accommodating the card;

a lock member 52c for holding the holder within the space;

a release member (distal end of 52c) for releasing the lock of the lock means;

and

a biasing member 52c-2a (Fig. 7E) for ejecting the holder when the card is removed from the card accommodation section.

Regarding claim 11, Kubo discloses a rib 52a-1 positioned at a part of the card accommodation section, the rib coming into contact with a distinctive shaped section of the card when the card is placed in the card accommodation section.

Allowable Subject Matter

Claims 1-9 are allowed.

The following is a statement of reasons for the indication of allowable subject matter: claims 1 and 5 recite a stopper section *forming a part of a card insertion and removal opening and communicating with the card accommodation section displaced from/spaced from the opening*. Prior art generally teaches a card accommodation section that is not spaced from a card insertion and removal opening. Thus, this limitation, in combination with the other limitations of the claims, is neither anticipated by nor obvious over the art of record.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
